DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

MONTHLY ACTIVITIES REPORT

July 1978

1. (C) A number of actions bearing on intelligence satellite security have been completed or are in progress:

a. A review of satellite reconnaissance security policy alternatives with regard to classification of the "fact of" an intelligence satellite capability was completed and a draft report submitted for formal coordination and approval.

b. A preliminary review has been completed of material pertinent to the reassessment directed by the DCI of the entire intelligence satellite reconnaissance security program. Team members are being identified and tasking assigned. A completion date for the review of 1 October has been set.

c. Actions are continuing on preparation, for DCI approval, of a draft implementation plan for the security portions of Presidential Directive PD/NSC-37.

2. (U) Community agencies were provided printed copies of a committee study on Communist country harassments and provocations against Americans. The study is to be used in briefing personnel being assigned or traveling to such countries.

4. (U) The Committee staff has continued to provide inputs on the drafting of the national level implementing directive for E. O. 12065, which sets policy on security classification.

5. (FOUO) Action has been completed to update a Community wide listing of compartmented access approvals for Legislative Branch personnel. The update has been entered into the ADP records of accesses maintained by the Compartmented Information Branch of the Special Security Center.

6. (FOUO) Guidance has been provided to the Interagency Training Center to provide for the expansion of their curriculum and capabilities so as better to satisfy Community needs for training personnel to identify and deal with technical penetrations.

7. (FOUO) Proposed standards for Community use in adjudicating personnel access to compartmented information have been developed and are being coordinated.
